

The Honorable Harry Teague  
House of Representatives  
1007 Longworth House Office Bldg.  
Washington, D.C. 20515

***Re: Our Energy, Our Future: Please help keep electricity affordable and reliable***

Dear Representative Teague:

I support public investment that improves our nation's ability to deliver affordable, reliable electricity. I support wise investments that diversify our nation's energy portfolio and make our country more energy efficient and independent.

Now more than ever, I am very concerned about what rising energy costs will do to the average person. Many do not have the ability to pay higher electric bills.

Please balance any votes you cast about electricity with the need to keep it affordable.

Rio Grande Electric Cooperative, Inc. (RGEC) is working hard to keep my electric bill affordable. I understand that dealing with energy and environmental problems is complicated and will take time. RGEC is ready to help you balance these priorities and find a solution.

Will you please work with RGEC to be sure public policy meets my need for affordable electricity?

Thank you for your attention to my concerns. I look forward to hearing from you.

Sincerely,
